HERE IS YOUR REMEDY!

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS AFTER 43 YEARS' SUFFERING

Extract of a Letter from Mr William Galpin of 70, St Mary's Street, Weymouth, dated May 15th 1851

To Professor Holloway

SIR—At the age of 18 my wife (who is now 61) caught a violent cold which settled in her legs and ever since that time they have been more or less sore and greatly inflamed Her agonies were distracting and for months together she was deprived entirely of rest and sleep Every remedy that medical men advised was tried but without effect, her health suffered severely and the state of her legs was terrible I had often read your advertisements and advised her to try your Pills and Ointment and as a last resource after every other remedy had proved useless, she consented to do so She commenced six weeks ago and strange to relate is now in good health Her legs are painless without seam or scar and her sleep sound and undisturbed Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature

(Signed) WILLIAM GALPIN

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG OF THIRTY YEARS STANDING

Copy of a Letter from Mr Wm Abbs, Bailiff of Gun Greave of Kinchcliffe, near Huddersfield, dated May 31 1851

To Professor Holloway

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gun Works, accompanied by scorbutic symptoms I had recourse to a variety of medical advice without deriving any benefit, and was even told that the leg must be amputated yet in opposition to that opinion your Pills and Ointment have effected a complete cure in so short a time that few who had not witnessed it would credit the fact (Signed) WILLIAM ABBS

The truth of this statement can be verified by Mr W P England Chemist 13, Market street, Huddersfield

A DREADFULL BAD BREAST CURED IN ONE MONTH.

Extract of a letter from Mr Frederick Turner, of Penshurs, Kent, dated December 13th, 1850.

To Professor Holloway,

DEAR SIR—My wife had suffered from bad breasts for more than six months and during the whole period had the best medical attendance but all to no use Having before healed an awful wound on my own leg by your unrivalled medicine I determined again to use your Pills and Ointment, and therefore gave them a trial in her case and fortunate it was I did so for in less than a month a perfect cure was effected and the benefit that various other branches of my family have derived from their use is really astonishing I now strongly recommend them to all my friends

(Signed) FREDERICK TURNER

The Pills should be used conjointly with the Ointment in most of the following cases

Bad Legs	Corns (Soft)	Scalds
Bad Breasts	Cancers	Sore Nipples
Burns	Contracted and Stiff Joints	Sore-throats
Bunions		Skin-diseases

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, WASHINGTON

No 22 State Street, . Boston

IN 1840, the subscriber was appointed by the Commissioner of Patents Agent of the U S Patent Office, in accordance with the 10th Sec of Act of '37

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office *where by a Patent may be procured about six weeks earlier* the continues to forward them free of expense—to prepare Caveats Specifications Assignments and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same Patents secured in Europe and other countries

By application at this office inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents They also have the advantage of *verbally* explaining their inventions and consulting in respect to them, *matters in general of paramount importance in order to obtain correct specifications and claims* The experience I *written* year's practice, an extensive collection of rare works decisions &c on mechanical subjects, the Patent Laws and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington enable the subscriber to afford intending deserving inquiring Patents assistance and information which in other respects might be difficult of attainment

R H EDDY Solicitor of Patents

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents R H EDDY Esq of Boston did business at the Patent Office as Solicitor for procuring Patents There were few of any persons acting in that capacity who had so much business before the Patent Office, and there were none who conducted it with more skill fidelity and success I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office EDMUND BURKE, Late Commissioner of Patents

☞ Ladies waited upon by Mrs Caroline D Foster at the above place

The following certificate from Dr John C Warren of Boston, was given 16 years since but will last forever

BOSTON January 7, 1835

Having had occasion to observe that some persons afflicted with Hernias have suffered much from the want of a skillful workman to accommodating Trusses to the peculiarities of their cases I have taken pains to inform myself of the competency of Mr J F Foster to supply the deficiency occasioned by the death of Mr Heath After some months of observation of his work I am well satisfied that Mr Foster is well acquainted with the manufacture of these instruments and is desirous to accommodating them to the variety of cases which occur I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to those important articles

JOHN C WARREN M D Boston

CERTIFICATE The following certificate is from Professor Stuart, of Andover Theological Seminary

I the undersigned having occasion to employ Mr J Frederick Foster of Boston in making and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the favorable notice of such persons as may be afflicted with that and similar complaints Mr Foster's success in the manufacture and adapting them to the body, giving ease and comfort to the wearer, surpasses (as far as our experience goes,) any other manufacturer of the article

The numerous testimonials which he has received, together with the recommendations of that eminent surgeon, Dr J C Warren as a sufficient guarantee for all who may favor Mr F, that his instruments will give entire satisfaction, and he will satisfy all reasonable demands for an equitable compensation M STUART

back upon the vast expanse around and me, magnificent with forests or rich cultivation, with the walls and towers of Windsor Castle in the centre and the floating of England bright with the setting sun, new sentiment of beauty and grandeur ring at my heart, with gratitude to that Being who hath made all things beautiful in their season, and with feelings of respect affection for the land of my ancestors.

Somewhere in one of these parks, the Home I believe, there is an old withered oak, surrounded with palings, which is said to be identical oak, to which Shakespeare has alluded in a striking passage in the Merry Wives Windsor

"There is an old tale goes, that Herne the hunter, Sometime a keeper here in Windsor forest, Doth all the winter time, at still midnight, Walk round about an oak, with great ragged horns, And there he blasts the tree, and takes the cattle And makes milch kine yield blood, and shakes a chain In a most hideous and dreadful manner."

few miles beyond Snow Hill, but within royal grounds and on the borders of the extensive expanse of water called the Virginia Water, are large masses of granite, marble, and stony collected together, and so arranged as to give the appearance of the ruins of an ancient empire. These large masses upon which came suddenly and unexpectedly were at first Greece, and arranged so entirely in harmony with my previous conceptions of ancient ruins that the illusion was complete as difficult to believe, that they were not ruins of an edifice which had been erected early times and had gone to decay on this spot.

There is one place in the vicinity which I not visit, but which, although there may nothing in the form of paintings or architecture to recommend it, is so associated with the protection of human rights and liberty that it has a permanent and irremovable name the banks of the Thames and within long of Windsor, is that Runny Mede which is so conspicuous a place in the civil and political history of England, where the Barons and people of England compelled King John assent to the principles of Magna Charta. This was on an island near by in the river the Great Charter, Which stands as the of English liberty, was actually signed that unworthy monarch I know that England had a charter and had liberties before was at that time and at that place and under the memorable circumstances of the occasion, that they received an enlargement, definiteness and a sanction which had never previously existed, so that in all succeeding both in Eng and and America, what was written and what was signed at Runny Mede has been referred to as one of the true voices of humanity, one of the great proclamations of freedom

There was another place, which I saw from and Tower but did not visit—Eton College which for scores of years has been associated in my hear and memory with the beautiful Elegy of Gray Until I came to England I know, or rather did not distinctly appreciate, the wide and powerful influence which the literature of England had exerted in my mental training And the reason perhaps was, because in America I knew it in its only, but here I saw it in its source I felt that Gray was a true poet He possessed an element of power which embodies it from time to time in gorgeous conceptions in a form of language that dilate and agitate the mind, but his most striking characteristic is a perfection of taste, formed upon the models and which frequently reminds one of the exquisite touches of expression and combinations of expression, which are found in the Augustan writers. And as I stood in sight of the groves where he had walked of the College where he was educated of his cloister and the Thames and of the distant church which inspired his unequalled Elegy, I felt how the genius, of literature thus the power to consecrate nature and to perpetuate

I have thus diverted your attention from Eton around me to the subject of English Poetry I must make my defence, and at the same time close my letter, by a few lines from on Eton College

"Distant spires, ye antique towers, That crown the watery glade, Where grateful Science still adores Her Henry's holy shade What fields beloved in vain Where once my careless childhood strayed, A stranger yet to pain I feel the gales that from ye blow A momentary bliss bestow As waving fresh their gladsome wing, My weary soul they seem to soothe, And redolent of joy and youth, To breathe a second spring."

The Vassal Claim

mentioned a few days since, that the Supreme Court of the United States, at Washington, had set aside the decision of Judge Woodbury against the claims of Henry Webster of Maine, in what is known as the Vassal claim for a large territory in Maine now thickly settled and comprising the town of Preston and a part of several other towns in that vicinity extending into Lincoln county and also in Aroostook county. By this decision the case is remanded back to the District Court to be tried under the betterment law.

This is an immense one, and a very number of persons interested in its settlement Peter Cooper, Gilmore Bim and Moses have issued a notice calling a meeting all persons interested, at the Augusta Court on Tuesday the 12th day of April, 1853, stating that by this lamentable and unexpected decision, all interested will see that their and the homes of their fathers, and the of their children, may be wrested from them by a combined set of speculators in Massachusetts, and some of them in high places who under a foreign name, are moving with a tremendous force to dispossess them of their long enjoyed rights, and the final result of this movement is fraught with the most momentous consequences. The true history of this most extraordinary case, could it be fairly revealed, is unparalleled in the history of this country, and those interested are called upon by all that they hold dear to themselves and sacred to posterity, to come forward at this time, to defend some way, and take such measures as shall best ward off the blow that is aimed at their best rights.

The call is made for the purpose of consultation and to pledge to each other a full co-operation in such measures as shall best subserve the great interests of all. An invitation is extended to all good citizens of the State, to meet with those interested to advise and consult.

New York, March 15.

Steamer Prometheus, from San Juan, arrived here with 430 passengers, who came down to San Juan per steamer Brother Jonathan.

It is stated that about forty persons will leave Somerset county, Me., for Australia, about the last of this month. The great rush that has been made from Maine to California, and the new rush being made for Australia, in its general results has been disastrous to Maine and to those who have embarked in the enterprise. It is true that a few have become rich thereby, but many have lost their lives, while others remain much poorer, after having suffered many hardships and privations, than they would have done had they remained at home

The procurement of a living—the getting one's "bread and butter" in Maine is a very simple and a very certain matter. The same amount of enterprise, of endurance, application and skill shown by the hundred who have gone from Maine to California, would have laid the foundation for a prosperous business and success in Maine, to the whole number

Farming in Maine, poorly as the business has generally been managed, has not failed when attended to with industry and economy, to secure a good living and a handsome accumulation of property Industrial enterprise in all departments of product ve labor does not fail of a reward So that taking a view merely from the point of pecuniary accumulation, labor in Maine has proved safe and profitable But money is not all of earth's treasures Property is not the highest good Men have minds and hearts and souls! There are friends to love—duties to perform—a home to bless These pour their rich treasures back upon the affections and afford sources of happiness which money alone cannot purchase.

It is a mistake a sad and fatal mistake which the young men of Maine make in leaving the State in the wild and uncertain pursuit of wealth There are the elements of wealth beneath their feet and on every hand They need but apply themselves faithfully and contentedly for a few years to almost any department of labor and then success is certain Maine is a loving and generous mother and possesses ample resources for all her children

Patent Extension Sash

One of the greatest improvements in the construction and adjustment of window sashes is the recent invention of an extension slap so adjusted that the upper and lower sash may be raised or lowered any desirable distance and kept in place without cords and pulleys and at a very trifling expense. Indeed this invention does away at once and forever with all the machinery of springs, pulleys and weights No person will now build a house with such costly and inconvenient articles for the adjustment of sashes, now that they are superseded in convenience and economy by the extension slap

All the possible convenience of weights and pulleys upon both upper and lower sash, is found in this invention, while of the same time both the sash may be removed without taking out the parting strips or removing the stops to the window case And then too, by this patent, the sashes are always snug and tight without any rattling and wholly excluding the cold air.

We speak from experience as to the beautiful adaptation of this sash for security comfort ventilation and other advantages And from this experience we venture to say that no carpenter who is just to his profession and his employer, will recommend any one to build a new dwelling without adopting the extension sash

The patent right to the extension sash, in Penobscot county, has been purchased by Mr O P Sawtelle of this city, and we refer to his advertisement in another column

The Halifax papers give an account of the cause of the late riot at that place The American ship Winchester put in in distress The passengers, among them several females complained of the outrages that had been committed upon them—outrages against the laws of God and man, and committed upon the high as by a graceless and abandoned crew The Captain only proposed to discharge the guilty men Upon this, the indignation of the people was aroused and they sought for speedy vengeance and the miscreant crew were only saved from sudden destruction by judge Lynch's court, in being arrested and protected by the bayonet of the soldiers

One of the passengers, Dr Hertford, was much injured by the mob He fired a pistol in self defence, but the pistol was knocked out of his hand and the shot did not take effect The military dispersed the mob, and the sailors who had been in a kind of mutiny, are in the hands of the law

It has been widely heralded through the press that the Grand Jury in this county recently found an indictment against the City for a violation of the Liquor Law The facts are that the Agent of the city was complained of on the merest technical point, and the County Attorney when the case came before the Court dismissed the action! The editor of the Ellsworth Herald threw up his cap in extacies on the finding of the bill, and certain rum sellers and guzzlers here, are awfully shocked and sick at heart because the City Agency disposes of so large a quantity of liquors Before the law went into effect one dealer in the city, and by no means the largest, sold a much larger quantity of liquors, and that was legitimate and constitutional, and all that sort of thing!

At the special election in the Fourth Ward yesterday, B F Wiley and J H Hallett, were elected to fill the vacancies in the Common Council.

WASHINGTON, March 16

The Senate in Executive session ratified the treaty negotiated by Messrs Everett and Crampton for the speedy indemnification of American claims against the English government, particularly concerning claims arising out of false seizures under the slave trade and under custom house regulations.

The Missouri clans are at war again The hollow truce patched up on the eve of the Presidential contest is ended, and the pro and anti Bentonites have renewed hostilities with unabated bitterness The action of the State Legislature in defeating Mr Blair's endeavors to repeal what are called the Jackson resolutions—resolutions carried and upheld by Anti Benton men—forms the occasion which both factions are now improving to the utmost of their ability,

There seems to be a fair prospect for great activity in the steamboat business between this city and Boston the coming season

On the outside route are to be three steamers the Boston, the Eastern State, with the addition of the Penobscot

On the route to Portland will be the new steamer Daniel Webster, and the steamer Governor

This will give an addition of two boats one upon each route The season will probably be one of active travel

English's Howard Dramatic Company.

This excellent Dramatic Company, which made so fine an impression in Bangor, is still performing at Salem, and drawing very full and fashionable houses. It is said that no company has ever given such general satisfaction in that city for many years, both as regards the character of the entertainment and the handsome manner in which the pieces have been presented. We see by the papers that a complimentary benefit was given to Mr. English on Wednesday last by the citizens of Salem, in and of which a large number of talented artists volunteered, and the house was crowded to its utmost capacity. We hear that Mr. English is making great preparations to come to this city early in May, with new scenery, and many new performers.

Mr Mason spoke on the Clayton resolution After alluding to and controverting some of the Clayton propositions on the subject Mr Mason contended that Great Britain must be held absolutely unpublished to every engagement in the treaty in relation to Central America in every particular Peace between England and our own country above all things is to be preferred, but not at the sacrifice of national safety and national honor That statesman or that man who would precipitate his country in a war recklessly or rash y or blindly mistaken opinion, deserved to go down to posterity with execration, and the statesman who would sacrifice the national honor from any fear of a war would go down to posterity with a deeper execration

If other nations permit England to seize on their territory, be it so, but on this continent she has gone as far as she can and preserve peace He made no charge of bad faith against England for the treaty, because he had no such information, but he was certainly as the seasons return, and the earth revolves in her orbit, this country and the whole world so far as the safety and welfare of the United States are concerned, must be free from further British aggression

Mr Clayton replied in vindication of the treaty which he had made with England in answer to Mr Douglas but with at conclusion he gave way for an executive session, after which the Senate adjourned

H G Farrell's Arabian Liniment TRIUMPHANT OVER DISEASE.

This truly great medicine still goes on conquering disease and snatching many a poor speechless victim from the grave By its powerfully stimulating penetrating and medicine qualities it restores the use of limbs which have been palsied for years, and by its singular power of repelling the synovial fluid or joint water, it cures all diseases of the joints with astonishing rapidity For rheumatism, and affections of the spine and spleen, it has proved itself a specific and for affections of the lungs, liver and kidneys it is a most valuable and powerful auxiliary also, for all diseases of the glands scrofula goitre or swelled neck, etc etc And indeed for almost any disease where an outward application is required this medicine stands unparalleled Sprains bruises cramps, wounds, chilblains, burns etc. are speedily cured by it.

From the Hon Peter Menard, one of the oldest settlers in Illinois

It gives me pleasure to add my testimony to the virtues of your great medicine One of my children had been a sufferer from the knee, about the size of a hen's egg. I thought it was a strain, and so did that it was the water from the knee, and could not be cured I tried regular on it and all the liniments and ointments and they did no more good than water I then by persuasion of my friends, tried H G Farrell's Arabian Liniment and I was happy to find it take effect after a few days and it finally cured the trouble entirely I think it is decidedly the greatest liniment for horses as well as human flesh I ever knew

Tremont, Tazewell Co March 16th, 1852

PALSY OR PARALYSIS

This is South, at Mill Creek Tazewell county Illinois says I had lost the use of my arm for more than a year, by palsy or paralysis the flesh had entirely withered away, leaving nothing but skin, muscle and bone I tried all the best doctors, and all the remedies I could hear of but they did no good I then commenced the use of H G Farrell's Arabian Liniment and a few bottles entirely cured me and my arm is now as strong and fleshy as the other it is also first rate for burns, sprains and bruises.

LOOK OUT FOR COUNTERFEITS.

The public are cautioned against another counterfeit, which has lately made its appearance called W B Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell in any will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H G Farrell, sole inventor and proprietor, and wholesale druggist, No 17 Main Street, Peoria, Illinois, to whom all applications for Agencies must be addressed Be sure you get it with the letters H G before Farrell's, thus—H G FARRELL'S—and his signature on the wrappers, all others are counterfeits.

Sold by INGRAHAM & FULLER, wholesale and retail Bangor Also by E F Kimball, Oldtown French & Hamilton, Dexter, Geo. Fletcher, Ellsworth P O Flaherty, Houlton And by regularly authorized agents throughout the United States.

Price 25 and 50 cents, and $1 per bottle.

AGENTS WANTED in every town, village and hamlet in the United States, in which one is not already established Address H G Farrell as above, accompanied with good references as to character, responsibility, &c.

LOVETT'S WAHPENE

Will, without doubt, change Gray Hair to its original color, cure Baldness, remove all Scurf and Dandruff, and other diseases of the Hair and Scalp.

I caution the public against buying an article called "Improved Wahpene," for Lovett's. The said article has been got up, and the name "Lovett" is used to deceive the public and induce the Proprietor of the true "Wahpene", thinking to get off his spurious article under the wide spread reputation of Lovett's, GEO. W. EMERSON, Druggist, No. 4 Smith's Block, is my only authorized agent in Bangor, of whom the genuine Wahpene may be obtained at wholesale or retail, at my prices. H. T. LOVETT, N. Y. Proprietor.

THE GREAT REMEDY FOR
Coughs, Colds and Consumptions.

The VEGETABLE PULMONARY BALSAM is probably without a parallel in having, during a period of more than Twenty-five years fully maintained the high reputation which it has acquired for CONSUMPTIVE COMPLAINTS and all DISEASES of the LUNGS, THROAT and CHEST It has been used with probably greater success than any other article known, and Physicians who have had an opportunity of witnessing its highly salutary effects, recommend it as a safe and very efficacious medicine, equal if not superior, to any other prescription for the above complaints within their knowledge. The basis of this Medicine was a private recipe of a distinguished Physician in one of the neighboring States, and was preserved by an individual to whom it gave the most astonishing relief. It is composed of vegetables, and if used according to direct one, must be perfectly safe

From Messrs Allen & Co., Merchants, Nassau.—I have persons who have used the Vegetable Pulmonary Balsam uniformly speak of it as a valuable medicine, and from the quantity sold, notwithstanding the numerous other preparations used for similar complaints, we consider it first on the list.

Respectfully, &c, ALLEN & CO

The Editor of the Seneca Falls Courier says—"We have had occasion to witness the good effects of the Vegetable Pulmonary Balsam in our family, in the case of a young lady who has been entirely cured of Consumption by the use of it, and also in severe coughs and colds and cheerfully bear testimony to its being a safe, convenient and very efficacious medicine in cases of that description Ed Courier

A clergyman from Philadelphia writes, that he has been in the habit of using the Vegetable Pulmonary Balsam for himself and family, for the last thirteen years, and also of recommending it to his friends, and considers it an infallible remedy for all pulmonary complaints.

For the last five years of my practice I have had the satisfaction to witness the beneficial effects of Vegetable Pulmonary Balsam in many cases of obstinate cough and other affections of the lungs. I would therefore confidently recommend its use in all complaints of the throat, as being equal if not superior, to any other medicine within my knowledge. Jos. Kempster, M. D.

DR. MORSE'S INVIGORATING CORDIAL

FOR GENITAL DEBILITY, IMPOTENCY, IN CONTINANCE, OR NOCTURNAL EMISSIONS &c. The astonishing success which has attended this invaluable medicine, for Lost of Muscular Energy, Physical Lassitude, and General Prostration or any of the consequence of youthful indiscretion, or indulgence of the passion in riper years renders it the most valuable preparation ever discovered. In fact as a remedy for the above complaints it stands unrivalled and alone. There is no other reliable remedy, or any that has authentically received the sanction of the Medical Faculty. The WONDERFUL VEGETABLE PRODUCTION of which this medicine is composed has been tested and its virtues proclaimed by the high est names of the faculty of London, Paris, and the chief cities of Europe, as well as by eminent Physicians in this country It is the only infallible remedy for NERVOUS, SEXAL and MIND COMPLAINTS—the mental physic so long sought for and never before found, the only agent that can administer to MIND DISEASES It will remove, all tedious affections, DEPRESSION EXCITEMENT, tremulousness or nervous debility, loss of MEMORY CONFUSION, thoughts of Self Destruction, fear of insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excesses, or evil practices. It has been said by those that these disorders, calamitous as they are, were incurable. This however is not the fact

DR. MORSE'S INVIGORATING CORDIAL, has, and is constantly curing these complaints—relieving the mental and bodily incapacity of the unfortunate sufferer, as the following testimony of the names attested with confidence shows

Dr Woodward of the Massachusetts Insane Hospital writes of one of his patients being cured by using this cordial, thus "—It gives the pleasure to inform you that one of my patients, while in history precocious of your Cordial. He tells me that he has not had a single emission since he commenced taking it, while before he had two or three a week When he applied to me, says Dr W, "I thought it hardly possible for him even to regain his full strength. I prescribed the usual medicines used in those cases in the hospital, but they had no effect. In the meantime he purchased some of your Cordial, which has effected a cure I am sure no other medicine would. I shall ever recommend it whenever an opportunity occurs"

The nature of the maladies relieved by this Cordial are generally such as to leave the publication of certificates of course out of the question, and the proprietor could produce most of the most conclusive testimony to show that the great reputation it enjoys was not accidentally obtained, but is firmly based upon its positive and apparently miraculous virtues In all directions are to be found the happy parents of healthy offsprings, who would not have been so but for this extraordinary preparation And it is equally potent for many diseases for which it is recommended

THE MEDICAL JOURNALS

have not in a single instance that has been authenticated, given their sanction to any other preparation for the above complaints It has, in many violent and desperate cases, effected radical cures, after patients had been abandoned and their condition pronounced hopeless by medical practitioners of high professional character

THE COMMON EXPRESSION

Of those who have used this Extract is—"I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits, having tried various medicines sold for the same purpose, (different Sarsaparillas) without derriving any benefit I had almost given up all hope of obtaining relief, when I purchased some of your Cordial I find no faith whatever of its benefiting me—but it has. I feel stronger, I have had no emissions since, although it is not three weeks since I commenced the half a dozen bottles I took will cure me.

Another says—"I had consulted several distinguished physicians. Some said I could not be cured, others prescribed this thing and that, but I found no relief until I procured some of your Cordial. I must say it completely cured me."

Another says—"I was surprised at the effect your Cordial had Why had I not heard of it before? It would have saved me so much expense, besides years of mental and bodily suffering."

CAUTION—Ask for Dr Morse's Cordial and take no other, as there are worthless imitations bearing the invented excellence, fame and popularity, have brought into the market. It will not hurt the most delicate female but do good. Beware of all other Cordials, &c., (and for only this)

Notice. Persons consulting physicians frequently fail to receive advice in many cases of partially cured. Dr. Morse personally or by letter (post paid) at his office, 76 Bedbury street, Boston. The necessary advice and medicine for the speedy relief of such disability will be carefully forwarded to the writer's address.

The Medicine is prepared to warrant a perfect cure in every case where it is applied.

Prepared by M. Morse, M. D., New York city.

Price $2 per large bottle, with the words Dr. Morse's Vigorating Cordial, blown on the glass; Price $3 per half dozen; 9 bottles $25; Quarter $15, and $2 per dozen.

N. B. Injections and advice accompany each bottle.

PROPOSALS
FOR CARRYING THE MAILS IN THE STATE OF MAINE.

Extract from the act of Congress of 3d March, 1845, section 19.

"And be it further enacted, That it shall be the duty of the Postmaster General, in all future letings of contracts for the transportation of the mail, to let the same, in every case, to the lowest bidder tendering sufficient guarantee for faithful performance, without other reference to the mode of such transportation than may be necessary to provide for the due celerity, certainty, and security of such transportation, nor shall any new contractor hereafter be required to purchase old, or take at a valuation, the stock or vehicles of any previous contractor for the same route."

☞ Bidders will be careful to read the forms and instructions appended to this advertisement. They are requested to state, in their proposals, the mode by which they intend to convey the mail Where the size and weight of the mails, or the speed called for in the schedules, shall require it, the contracts will be made for coach, steamboat, or railroad conveyance, as the case may be, and, consequently, such routes will be let to bids proposing such modes of conveyance. In all other cases, the routes will be assigned to bids proposing the cheapest mode of transportation

☞ Railroad companies are especially notified that their regular bids are to be understood as including the supply of mail office on the line of their respective roads, not over a quarter of a mile from a depot. Separate proposals for offices more than a quarter of a mile off will be considered.

PROPOSALS for carrying the mails of the United States from the 1st day of July, 1853, to the 30th of June, 1857, inclusive, in the State of Maine, will be received at the Contract Office of the Post Office Department, in the city of Washington, until 9 a m of the 4th of April, 1853, (to be decided by the 25th of April, 1853) on the routes and in the manner and time herein specified viz
